

*Hila Robbins, DMD, Inc.*  
*Coronavirus Plan During Stay at Home Order*

**General Information for All Patients**

Dr. Robbins and our pediatric specialty care team understand the concern and uncertainty that you may feel while extraordinary measures are in place to protect public health. We are here for you in every way possible and have implemented a comprehensive plan to assure continuity of care for our existing pediatric patients, and to respond promptly to new patient inquiries and dental emergencies.

While the Stay at Home Order is in place **Dr. Robbins will be available for dental emergencies, which will be managed through initial remote consultation and, when indicated, in-office treatment or referral, on a case-by-case basis.**

**Emergency In-Office Visit Precautions**

In addition to our standard infection control protocols and universal precautions, we have implemented modified check-in procedures and additional safety measures to reduce risk of Coronavirus transmission, in accordance evolving with CDC guidelines. These guidelines continue to be updated.

**Instructions for Emergency Patients Upon Arrival in Parking Lot**

Once on-premises in our building's parking lot, please stay in or near your car (weather permitting) and notify us of your arrival by calling our office phone or the emergency phone number previously provided to you. We will instruct you then about our modified check-in procedure.

**For All Current and New Non-Emergency Patients**

Please visit our website home page for additional information about our plan to provide continuity of care during the Stay at Home Order.
